

Home & Pet Care Services

WHILE YOU
ARE AWAY

While You Are Away™ will take care of your home, indoors and out. From watering plants to checking security to garden maintenance, we got it covered.

Your pets are precious and leaving them in their home environment might be what is best for them. **While You Are Away™** will check in on your pets and look after them as if they were their own.

If you are relocating, **While You Are Away™** will provide care and supervision for your properties.

Groceries, cleaning, fresh flowers and maintenance are just some of the “other services” that **While You Are Away™** offer.
